

BLACK Rosa

The Elegance of Music

BlackRosa HY-1

Monitor Loudspeaker

Description

In this summer of 2019, the celebrated Italian high-end audio products designer, Mr. Manrico CASAGRANDE, with more than 30 years of experience and technology in making amplifiers (also the founder of Aeron Audio since 1980s), proudly presents to music enthusiasts a new Italian loudspeaker brand - the **BlackRosa**.

HY-1, being the first model of BlackRosa, is a 2 way whole Aluminum Cabinet Bookshelf Loudspeaker. Specially chosen with Mr. Manrico's expertise, the unique Danish silk screen dome tweeter and multiple material synthesis sandwich cone woofer unit in addition to tailor made crossover for HY-1, together sum up to the surprising effect this tiny cute speaker can perform: Elegant, detailed sound quality but with great powerful momentum.

It is for sure - unforgettable and stunning!
